Description

The games are themed to match the party's theme. This means that each game is set in an airport or aviation context and has a corresponding story.

For each game, a slide should be designed in the same style as the invitation. This slide will be displayed on a large TV screen at the start of the game and throughout the game. Each slide should include the

- **game's title**
- **a brief introduction to the story** in text form
- **a summary of the game's rules** in bullet points
- **the scoring system**

It would also be cool and helpful to have a **sketch of each game** so you can get a sense of how it works at a glance. I'm attaching some TikTok/Instagram videos featuring the games. Let me know if you can't open or view them.

Aspect ratio: 16:9
